The Project Definition

PROJECT DEFINITION	Project Name:	Game development
WHY do you want to do this project?		For at udvikle kompetencer i forskellige retninger.
WHAT will you have at the end that you don't have now?		Et velfungerende mini spil.
Will you deliver anything else?		En projekt plan samt definition.
Is anything explicitly excluded from the project?		Økonomi beregninger
Are there any gaps or overlaps with other projects – or changes to the boundaries of your project?		Læring af blender program, samt et blender projekt
What assumptions (if any) are you making?		Jeg antager at have færdigheder til at kunne navigere rundt i blender.
Are there any significant problems you are aware of that you must overcome?		Tidspres, ikke nok tid til at lære den nødvendige viden før projektet skal være færdig.
Has your customer, or the situation, set any conditions on the way you do this project?		Tidspres, jeg må nedjustere forventningerne
